THIEVES CLEAN \$12,000 IN BOLD DAYLIGHT ROBBERY

CHICAGO, Jan. 27.—One of the most thrill-
ing in the history of the city occurred
this morning when four young men, armed
with drawn revolvers five minutes after
time and forced Paying Teller Delassus
over \$12,000 in currency, after which they
broke their escape by backing from the bank,
into their machine and speeding away.
The Chicago crowds gaped in astounded si-
lence.
It is stated that five boys drove up to the build-
ing in a small automobile wearing black paper
completely hiding the lower part of their
faces. One of the quintet remained in the car at
the bank; one stood at the bank entrance keeping
the confused crowd with leveled guns; two
went to the various depositors in the interior of
the bank, while the fifth demanded and received
the currency from Teller Dellasus, who had just
come from the vaults for the day's business. The
booty was secured the band backed rap-
idly into the room, ran swiftly to their waiting au-
tomobile and were gone before a single policeman
or any sort of an outcry was raised.
The authorities report that they are searching
for the machine, but fear the machine carried the thieves
out into the country before a general alarm
could be given. No depositors were robbed.

NOTED PUBLISHER TO BUILD MANSION AT BOSTWICK PARK

H. H. WINDSOR WILL SOON COM-
MENCE CONSTRUCTION OF A
WINTER HOME THAT WILL
EQUAL ANY IN THIS SECTION.
H. H. Windsor, publisher of Pop-
ular Mechanics, expects to leave Sat-
urday for Chicago, for a final confer-
ence with his architect, E. A. Mayo,
over the plans now about completed
for a winter home at Bostwick Park,
Daytona Beach.
It is Mr. Windsor's plan to return
in about a week, and the preliminary
work will be commenced immediately.
The noted publisher has owned a
homesite south of the estate of E.
L. King for some time. Yesterday he
closed a deal with W. S. Wolcott for
the purchase of the latter's winter
home just south and the new acqui-
sition will give Mr. Windsor an es-
tate facing 340 feet on the Halifax
river. The Wolcott place is noted
for its luxuriant shrubbery and trop-
ical foliage. Mr. Windsor will erect
his winter home in the center of his
holdings, facing the Halifax river.
The magnificent residence will be
on the English style of architecture
and will equal in magnificence any-
thing in this section.
Jacob Espedahl will have charge of
the construction of the building and
it is planned to break ground within
the next ten days.
If you see it in the News it's so.

WHITNEY'S POWER YACHT, CAPTIVA, IS HARD AGROUND

MAGNIFICENT VESSEL IS HARD
AND FAST ON GILBERT'S BAR
WITH LITTLE HOPE OF GET-
TING OFF—OWNER ABOARD.
Harry Payne Whitney's beautiful
new 150-foot yacht, Captiva, the larg-
est private power yacht afloat, is hard
and fast aground on Gilbert's bar at
the entrance to the St. Lucie river,
with practically no hope of getting off.
She is lying easily on the sand in
about a foot of water at low tide,
but her hull is settling steadily. She
draws in the neighborhood of five
feet. All attempts of the crew to
kedge her from the bank with the
winch and anchors have failed and a
steam tug, even if one were near,
could hardly reach her with a line
because of the numberless shoals.
Her position is an exposed one and
the first heavy blow is bound to dam-
age her to a great extent. It is un-
derstood that she carries no movable bal-
last which makes it practically im-
possible to lighten her unless engines
and cabin fittings are removed.
At a late hour today no informa-
tion as to the names of the cruising
party could be secured, but it is safe
to say that Mr. Whitney, himself, is
aboard, as she flies no absent flag.
The Captiva hails from New York
and was only built last year. Yachts-
men consider her one of the hand-
somest boats afloat and her cabin

U.S. TROOPS INVADE MEXICO IN PURSUIT OF VILLA BANDITS

WASHINGTON, Jan. 27.—It is reported that
a small body of American troops, under the leader-
ship of Lieutenant Mort, Priton and Waldron in-
vaded Mexico yesterday, crossing the international
line near Progresso, Texas. The detachment is in
furious pursuit of a party of Villa bandits who cap-
tured two U. S. soldiers. The invasion of Mexican
territory, even when accomplished without sanc-
tion of the Washington government, may lead to
a crisis at once.
Secretary Lansing today characterized the deed
as an "hostile act." "The fact that the American
troops were following bandits who had previously
crossed into the United States does not detract
from the seriousness of the case," was the gist of
the Lansing statement. He also indicated that the
lieutenants in charge of the party would be tried
by court martial immediately. Washington offi-
cials are seriously thinking of notifying the Carran-
za government that the United States will not con-
done the act of its troops and will punish the offi-
cers responsible.
**SEIZURE OF AMERICAN SOLDIERS
CONFIRMED BY GENERAL FUNSTON**
WASHINGTON, Jan. 27.—General Funston
today wired an official confirmation of the seizure
of two American soldiers near Progresso, Texas,
by Mexicans. He also reported that four troopers
had been drowned. The two missing soldiers were
taken into the interior of Mexico and no trace of
them has yet been found.
TRADE UNION OPPOSES CONSCRIPTION.
LONDON, Jan. 27.—By the overwhelming
majority of a million and a half, the Trades union
conference today adopted resolutions opposing
military conscription.

Under the caption "Bring Suit Against the Canal Company," the Miami Metropolis says:

"Sandbars and dredges blocking the East Coast canal, when dozens of boats are trying to get through to the waters of the lower East Coast! This is a great state of affairs, speaking volumes for the tolerance accorded the canal company, by the state authorities.

"Given thousands of acres of valuable land in exchange for the promised construction and maintenance of the waterway, the East Coast Canal company has never kept the canal in a navigable condition, and is at present doing the state an inestimable amount of damage by the condition of the canal.

"Is there any possible way of withdrawing the company's charter, and requiring the return to the state of the lands it has received? Must boatmen be subjected to the annoyances and expense caused by the canal's condition? Must the lower coast waters be deprived of the presence of these yachts?

"The Metropolis believes that the East Coast chamber of commerce is the proper association to take up the work, not merely in "talk," but in some definite suit at law against the transportation company that will result in some court order for relief."

ALTITUDINITIS CAN BE CURED IN SEABREEZE SAYS EX-REFORMER

HERBERT GEORGE, OF DENVER, BELIEVES ALL PEOPLE SHOULD COME HERE TO REGAIN THEIR BALANCE.

Seabreeze is a good place to cure altitudinitis. So says Herbert George, of Denver, who, for many years publisher of George's Weekly, one of the most radical publications ever put out in the West, who is now a guest of the Princess Islena at Seabreeze. "Altitudinitis" is what ails the Colorado politicians and a lot of other people in that state, according to Mr. George, and if they would all come down here and bathe in the Atlantic ocean for a while they would be fit to live again. It attacked them once more. Mr. George has a theory that continuous living in such an altitude affects the nervous systems so that men lose their sense of balance, they become nervous and as a result political and factional broils arise and the state falls to the bow-wows. Women, too, are afflicted in the same way, he says, and Mr. George has become devoted to woman's suffrage in Den-

ver—he admits that he doesn't know much about it in other sections of the state.

A few weeks spent in Seabreeze every year would clear up the systems of the people, calm their nerves, sweeten their dispositions and make them good citizens in general, says this unusual man who now styles himself the president of the "Society for Reformed Reformers." He was for many years the king pin reformer in Colorado, but he got sick and tired of it, he says, and has reformed himself.

When suffrage first came up as an issue in Colorado, Mr. George went in for it with his whole heart. He campaigned and worked for it, until it finally passed. He has had a change of heart since then, however, and now he says that there is a movement on foot in Denver to form a permanent organization with the object of petitioning for a referendum to abolish suffrage. They have the initiative, referendum and recall in Colorado.

Mr. George is not much excited over the matter while in Seabreeze, however, for he is having a bully time splashing about in the surf every day and enjoying the warm sunshine. He has been in Seabreeze many times, but this trip has a special significance in that he brings the new Mrs. George for the first time.

MORE MOTTOES FOR READERS OF NEWS

This is yesterday's assortment of mottoes submitted in the \$100 prize contest, where the News will give that amount to the person submitting the motto which will be accepted for the Burgoyne casino:

I sit in this beautiful hall
And can't help but consider
How thankful we all should be
To the good and noble giver.

Welcome all ye strangers;
Let all be merry and gay,
And amid sweet strains of music
Sing praises for this day.

I shall stand here as a monument,
When you will have passed and gone
Proclaiming Daytona's gratitude
To his honor, Mr. Burgoyne.

Let soulful music banish every care,
While summer's tender magic fills the air.

"Many a harp's ecstatic sound,
With its thrill of joy profound,
While we list, enchanted there,
To the music in the air."

Far out over the beautiful Halifax
Comes sounds of music from Sara-
cina's band.

Many years may we all be spared
To listen in dear old Daytona's sun-
ny land.

"I am the home of harmony—
Nature is my creed."

Ye, who love the haunts of music
Love the sunlight of its charm,
Here may feel new life and vigor
Through its clear, transparent song.

"Summer is here, the morning is gay.
Let us be happy together, today.
Sorrow's a myth, our troubles but
seem;
Past is anecho, future a dream."

This old world may not long remem-
ber

What we mortals say while in it
But noble deeds that we have wrought
Can never be forgot.

Honor and fame
From no condition rise;
Act well your part —
There all the honor lies.

Be as many in the world now are,
rich to yourself and rich to your
friends.

TO RAISE FUNDS FOR THE JEWISH WAR SUFFERERS

By proclamation of President Wilson, today (Thursday, January 27) is named as a date on which contributions for the relief of Jewish War sufferers throughout the world will be made and urging its observance in our entire country. In Daytona arrangements have been completed to make this Jewish Tag Day in this city. Max Roth is chairman and manager and contributions will be accepted by young lady volunteers on the street. Everyone who contributes will receive a small tag, which, when worn, will protect them from further solicitation. Mr. Sholtz is treasurer of the fund and to insure every cent contributed being applied to the purpose for which it was contributed, has generously agreed to pay all expenses.

All young ladies who are willing to help in this work of relief will kindly call at the Princess shop, 84 Beach street. All contributions received will be sent to the Red Cross society in Washington, D. C., and there credited to the Jewish Tag Day fund.

Other contributions to this fund may be sent to Mr. Sholtz today

What Should He Take for It?
Motorist skids across the street and hits another machine. "Pardon me, but I am suffering from auto-intoxication."—Judge.

Patient.
Charity suffereth long and is kind, else it wouldn't stand for so much organization.—Philadelphia Inquirer.

Better to Spend Wisely.
If a man hoards money and enjoys it not, he is a fit companion for the monkey that dines on thistles when grass is plentiful.

Friendship.
In the hour of distress and misery the eye of every mortal turns to friendship; in the hour of gladness and conviviality, what is our want? It is friendship.—W. S. Landor.

In New York Savings Banks.
Two million persons in New York have money in the savings banks; were they to share their savings with the rest of the population of the city, each of the 6,000,000 would have \$225.

MILLIONS SENT TO WAR SUFFERERS

Over \$215,000,000 Spent For Relief In European Nations.

AMERICANS MOST GENEROUS

More Than \$150,000,000 Has Been Expended For American Food, Clothing and Hospital Supplies—Aid Extended Belgium Has Cost \$110,000,000. America Has Given Practically All.

Summaries carried to the end of 1915 show that more than \$150,000,000 has been spent for American foodstuffs, clothing and hospital supplies which have been forwarded to the war zone by relief agencies. Nearly all of these purchases have gone to the countries of the allies.

Of the total approximately two-thirds, or \$100,000,000, was raised and spent in the latter part of 1914, after the last week in August.

In addition, relief for the Germanic side has been provided in money, which has been used in payment for supplies made in Germany and Austria. Individual donations in this country and elsewhere account for more than \$40,000,000, and cash contributions for Germans and Jews have exceeded \$25,000,000.

Of \$110,000,000 expended by the commission for relief in Belgium about \$30,000,000 was given outright by persons and societies in all except the Germanic countries. All of the \$110,000,000 was spent in this country. American cash donations for this work are estimated at within \$15,000,000. John D. Rockefeller put \$1,000,000 individually into Belgian relief.

Aid Sent Belgium.

The commission has sent to Belgium 139 shiploads of supplies. The war relief clearing house for France acts for 1,300 organizations in this country. It has shipped since November, 1914, 17,500 cases of supplies, containing 2,000,000 articles. There are affiliated committees in France, Russia, Belgium and Italy, which act as distributing agencies. The clearing house is forwarding agent for the American Red Cross and other agencies.

Since October the National Allied Relief committee has undertaken to make known the needs of sufferers in the allied countries. It has raised in cash over \$110,000.

The largest relief organization is the American Red Cross, which has received more than \$1,000,000. In one week the Red Cross shipped 400 tons of foodstuffs for Serbian relief and hospital garments and supplies for the American Women's War Relief hospital in South Devonshire, England.

Raised by Other Agencies.

The war relief committee of the Vacation association, headed by Miss Anne Morgan and Miss Mary Parsons, has received \$186,123, of which \$32,500 came from the Flotilla fund, and to which also the American fund for French wounded, the Secours national and the American Polish relief committee contributed. Clothing and surgical dressings are made in the vacation sewing rooms, where several hundred women have been employed since the beginning of the war.

Belgian children have received 100,000 pairs of American made shoes, bought with \$67,415 raised by the dollar Christmas fund, of which Henry Clews is chairman. The Belgian relief fund, of which the Rev. J. H. Stillmans is president, has raised \$1,075,277, and \$15,000 has been forwarded for Belgian relief by the Cardinal Mercier fund.

The Serbian relief committee has collected \$187,429, the American branch of the Prince of Wales national relief fund \$146,156, the American Polish relief fund \$125,000, the American ambulance hospital fund \$90,000, the American committee's fund \$170,337, the war children's relief fund \$10,000 and the committee of mercy, August Belmont treasurer, \$430,202.

Other Sums Collected.

The American fund for French wounded, Mrs. Ethelbert Nevill chairman, has collected \$15,575; the La Fayette fund \$102,124 for soldiers' kits; the Secours national \$121,728 for French women and children and Belgian refugees; the fund for relief of women and children in France, Mrs. Whitney Warren chairman, \$122,000; the Polish victims' relief fund, \$205,553.

The American Jewish relief committee has collected \$981,944, the central Jewish committee \$500,000 and the people's relief committee \$80,000.

Of the German organizations the German Red Cross has collected nearly \$2,500,000, the general relief fund for Germany, Austria and Hungary \$600,000 and the German relief fund \$224,120.

The American branch of the Deutschwehr sent \$50,000 last month for Christmas presents for German children. It is helping to rebuild German territory devastated by the war. The German Herald of New York has raised \$30,000 for the Deutschwehr and the Staats-Zeitung \$169,000.

Christmas Candy Marries.

Among those who obtained marriage licenses recently at the courthouse at Harrisburg, Pa., was Christmas Candy, twenty-three years old, an engineer, of Tyrone. He told the marriage license clerk that he was born on Christmas day and that his parents gave him the odd name for that reason.

COAST DAY ATTRACTS CROWDS

NUMBERS GO OVER TO
CITY SEAT TO ATTEND
COAST DAY AT THE
CITY FAIR.

East Coast day at the fair at DeLand and the peninsula were well represented by numbers of auto parties who came to spend the day at the fair and vicinity.

At the beginning of the week have been making the trip to see the sights of the fair but a score of auto loads went to the morning.

A motor party consisting of eight persons from the Seaside Inn came to the morning for DeLand to attend the Volusia County fair. They will spend the day in DeLand, and at the College Arms. At the party are: Mr. and Mrs. Smith, Mr. and Mrs. W. A. Pub. Miss Boyd, J. Detton, D. B. Mrs. James Storer, Miss W. W. R. Denison, Mrs. J. H. Miss Jeanette Cowell, Miss I. Frank Norwood, Mrs. W. S. Mrs. W. Stoll, Mrs. Richard and Mrs. J. P. Glenn.

M. J. Owen was a charming guest at a dinner party Tuesday at the Hotel Clarendon. Covered laid for five at the daintily set table, which was beautifully decorated for the occasion with lovely flowers. A delicious course dinner was served. Following the dinner the party repaired to the lobby, where music by the Clarendon orchestra was enjoyed until a late hour. Hospitality of Mrs. Owen was highly enjoyed by her guests.

BOHEMIAN GIRLS PLEASES AUDIENCE

The music lovers of Daytona were given a rare treat Wednesday night, when the Bohemian Girl, a comic opera, was presented by the Boston Opera company. The cast consisted of a large chorus of well-trained voices and the artists were well received by the audience. The play was elaborately staged and striking costumes were worn by the players. The attentive audience frequently demonstrated appreciation by loud and continued applause and owing to the numerous encores the opera lasted until nearly 11:30 p. m. Notwithstanding the inclement weather, the house was crowded, and Manager Titus deserves credit for booking such a high grade production.

WM. J. BRYAN WILL GO TO STOCKHOLM ON PEACE MISSION

HAS ACCEPTED AN INVITATION TO GO TO SWEDISH CAPITAL NEXT MONTH VERY LIKELY. LEFT HERE LAST NIGHT.

William Jennings Bryan, former secretary of state, has received an invitation to join the Ford peace party at Stockholm, and has accepted the invitation, he said to a News reporter as he was leaving for Miami last night. Mr. Bryan has not yet fully decided just when he will leave. A cablegram from London yesterday contained the information that news of Mr. Bryan's acceptance of the invitation has reached there and was the subject of much speculation in diplomatic circles.

Stockholm also reported that the news reached there, and added that it was reported in the Swedish capital that Mr. Bryan would sail very soon from New York.

Mr. Bryan was in Daytona for a conference with F. L. Seely, who has just returned from Europe where he went as a member of the Ford peace party.

Mr. Bryan and Mr. Seely were entertained yesterday by Commodore Burgoyne at his Beach street mansion.

REV. M. D. HERRICK FUNERAL SERVICES

SERVICES HELD THIS MORNING IN BINGHAM & MALEY COMPANY PARLORS, WITH MASONIC SERVICE AT PINESWOOD.

Funeral services were held this morning at 10:30 o'clock, in the Bingham & Maley company undertaking parlors, over the remains of Rev. Malcolm Dunbar Herrick, whose death Wednesday morning at the home of his son, Wesley Herrick, in Daytona Beach, was noted that day.

The services were conducted by Rev. John J. Treadwell, pastor of the Daytona Beach M. E. church, and Masonic services were held at the grave in Pineswood cemetery, Daytona Beach, by Daytona Lodge, No. 81, F. & A. M., which the deceased had frequently visited in past years. In addition to relatives and friends, the funeral was attended by a number of the members of the Masonic fraternity.

During the funeral service, music by the Saracina band, which was holding the morning concert in the kiosk opposite the Bingham & Maley company building, was discontinued and as the funeral cortege was leaving the parlors the band played softly, "Nearer, My God, To Thee."

Mr. Herrick, who was a Congregational minister and had been a member of the Masonic fraternity since early manhood, had lived to the advanced age of 88 years. Mr. and Mrs. Wesley Herrick, well-known residents of Daytona Beach, will have the sympathy of many friends in their bereavement.

BELOVED HOTEL MAN DIES IN BOSTON

Word has just been received in Daytona of the death of the country-wide-known and beloved hotel man, Amos H. Whipple, proprietor of the Copley Square hotel of Boston, Mass. Mr. Whipple passed away Monday, January 24, in Boston.

Probably no hotel man was better known to the hotel fraternity than the kindly gentleman, Mr. Whipple, whose friends numbered most of the country's best-known hotel men, and his demise will be deeply felt by thousands of patrons and friends.

Mr. Whipple was well-known in Daytona, having spent some time at the Ridgewood hotel two years ago, coming to Florida to attend the annual hotel meeting of the New England Hotel association which was held at the Ridgewood at that time.

The funeral was held in Boston on the 26th, with services at Trinity church, Copley square.

Would Be a Boon.

Disappointed.

"Did you enjoy the fair?" "I was disappointed in one thing," replied Mrs. Needleplate, who has gone in for country life. "I looked all over the cattle pavilion for an equinox, but I guess no one exhibited any this year."

fittings alone are said to have cost \$20,000. Should she prove a total loss the disaster will go down with a black mark in the annals of marine history.

H. E. Pence, owner of the Aline, made the following statement to a News representative today: "Whitney's yacht attempted to cross Gilbert's bar at 7 a. m. last Sunday morning. Her draft is too deep for the inlet even if the Northern pilot had navigated it correctly. As it was he piled her pell-mell on the bank between the inside and outside channels. She is resting easily but steadily settling in the sand. All efforts to kedge her off with anchors and to dig her out with her 'wheel' failed and things look black for her."

The Captiva probably attempted to enter the St. Lucie river in the hopes

of securing some good fishing. Her pilot did not reckon on the fact that that particular inlet is one of the worst on the Florida East Coast for shifting bars. Hardly a tide turns but what the channel is materially changed. She went aground almost at once after striking the treacherous water.

Although the cruising party can easily reach shore there seems real danger of the magnificent vessel going to pieces on the reef. So far the weather has proved mild and it is probable she has not opened up her hull to any great degree, but the first big blow will work damage that must be reckoned in the thousands of dollars.

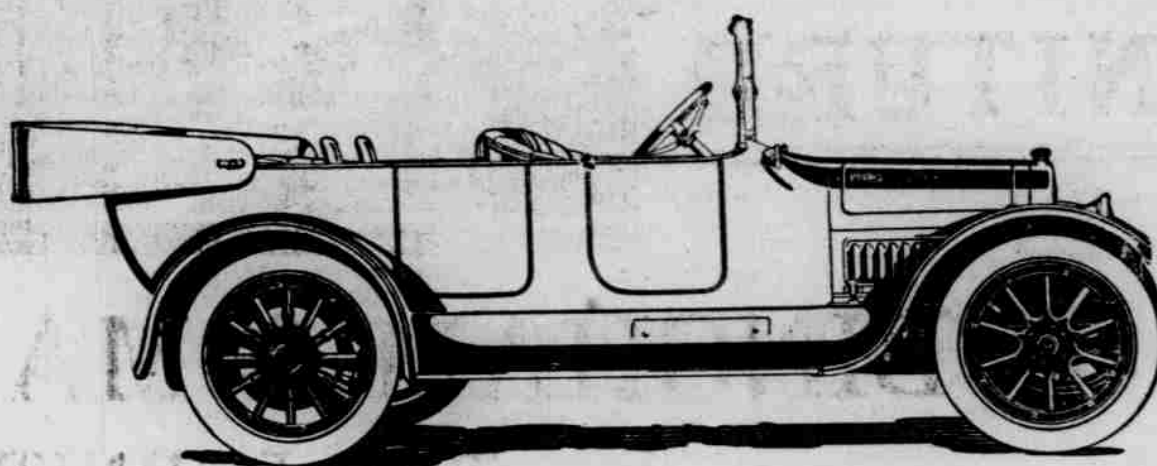

Harry Payne Whitney, her owner, is known throughout the land in sporting and yachting circles and is a favorite member of New York society.

SCHOOL NOTES.

The schools will close Friday for the day in observance of "Education Day" at the fair.

The regular Friday afternoon band concert given in the school auditorium by Saracina's Virtuoso Concert band will be dispensed with owing to the school being closed for the day.

The Parent-Teachers' association will meet in the school auditorium Thursday evening at 7:30 o'clock. General business will be transacted, after which Victrola selections will be given. Mrs. Henry Mitchell, of Daytona Beach, chairman of the civic department of the Palmetto club, will read an article relative to the achievement of the ultimate purpose of the association. Judge Ward, of Dolgeville, N. Y., will also give an address on topics pertaining to child training, which ought to be a great incentive to parents and friends of the

children, and the association hopes for a large attendance.

The fourth number of the lyceum course of the Redpath bureau will be given at the school auditorium Wednesday evening, February 2. The American Quartette will entertain with violin, cello and piano numbers. With the quartette is Clayton Conrad, cartoonist, who is famous for his drawings. Mr. Conrad will amuse the spectators with sketches, which seem to fairly roll from the point of his charcoal pencil. Mr. Conrad is without doubt one of America's most gifted cartoonists of the day.

THE WEATHER

That erratic cuss, the weather man, for once stood firm in his declaration. He wired this paper yesterday to expect rain tonight and Friday. Well, the old boy just sends a copy of the previous telegram today with some unnecessary remarks concerning the incredulity of the public. He seems to think that people in general expect him to change his mind again. He can't go to, so go buy a pair of umbrellas, a life preserver, a row-boat and a marine insurance policy. Also postpone that picnic planned for tomorrow and hang the clothes in the kitchen to dry if any washing is being done this late in the week.

Daytona will receive a fair share of local rain today and Friday with moderate east winds which will switch to southerly over the north-east portion.

He Wants the Cash.
Don't think for a minute because you owe your life to the doctor that he will take it in payment for his little bill.

Education in Canada.
The Dominion of Canada, the provinces and municipalities make such liberal provision for general education that less than seven per cent of the population over five years of age are unable to read and write. The largest item in the expenditures of the Dominion is for education. The Government is recognized as an important factor in the successful colonization of New Ontario.

Snapshots for Misses.
Schoolgirls of Berlin must not carry their books in a handbag, but in a snapshot on the back. The minister of education is responsible for this new rule. The rule is directed to teachers, parents and the girls themselves. The minister declares that the habit of carrying books in handbags is likely to lead to curvature of the spine and derangement of internal organs.

EX-SENATOR HERE ON YACHT LOITERER 2ND

Ex-State Senator George Stephens, of Colorado, arrived at the yacht club late last night in his raised deck power cruiser, Loiterer, 2nd, hailing from Jacksonville. He will spend several days in this city while his party inspects the prettiest of all resorts, before dropping down the Halifax en route to southern points.

Ex-Senator Stephens made the following remark this morning: "Daytona to me is far the most beautiful of all the places I have visited in the state and I know Florida pretty well. I always look forward to coming here and I shall plan to tie up at the yacht club dock on my way back for a prolonged stay."

The Loiterer, 2nd, is 45 feet over all with a roomy flush deck aft and standing awning. She is driven a little better than nine miles per hour by a 25-horse-power Sparks motor and is completely equipped for long cruises and rough seas.

The party consists of Ex-Senator Stephens and Mrs. Stephens and Mr. and Mrs. W. B. Stockham. Mr. Stockham is vice president of the First National bank of Delta, Colorado. Ex-Senator Stephens also comes from the same town. His private yacht signal is the Greek letter delta on a tri-cornered flag.

The ex-senator tells of a pleasant trip from Jacksonville, where the Loiterer is laid up during the summer months. He left that city three days ago and stopped for a visit in St. Augustine.

Inducing Hypnotic State.
According to Mangold, the hypnotic condition is induced in man by suggestion or psychological inhibition, but in both cases sensory stimuli may assist. These stimuli may be optic (fixing the gaze on some object), or tactile (stroking the skin), or otherwise. Sometimes an absence of wanted stimuli may induce the state, as in the case of absolute silence.

Chinese Salt Wells.
Salt wells in China have been operated for hundreds of years, and in the Tzeling district, especially, have built up a prosperous community. In some cases the wells are 300 feet deep. The salt is obtained in the form of brine, which is raised in bamboo tubes by means of crude derricks, the motive power for which is furnished by water buffalos.

Donald Riddles arrived today from Cleveland, Ohio, and joined Mrs. Riddles at Daytona Beach.

Miss Anna Dubay, a well-known modiste of Boston and vicinity, has taken half of the Reese bungalow on Cypress street for the remainder of the season.

Mrs. R. H. McDonald went to St. Augustine today to visit until tomorrow her daughter, little Miss Lola McDonald, who is attending the convent school in the Ancient City.

Charles F. Burgman, dealer in real estate and insurance with offices in the Arcade building, on North Beach street, has closed up shop for the day and is in attendance at the county fair at DeLand.

S. P. Meachum, of West Magnolia avenue, and J. A. Mason, of North Beach street, went down to Cocoa Wednesday afternoon to engage in the carpenter work on the E. P. Porter residence which E. S. Hall of this city is erecting at that place. It is probable they will be at Cocoa for the next two or three months.

Mrs. G. B. Mallory, who had been visiting her sister and niece, Mrs. M. H. Ashley, and daughter, Miss Gretchen H. Ashley, at their home on Cedar street, for a month or longer, departed Wednesday on her return to her home in Lansdowne, Md., a suburb of Baltimore. Mrs. Mallory was very much pleased with Daytona and the climate of this section which she visited for the first time.

J. Fitch Walker, of Second avenue, swung the circle Wednesday in an automobile trip to Palatka, on which he was accompanied by C. F. Wetherell and son, Carl Wetherell, of Holly Hill. The trip was made by way of Hastings to Palatka and thence to Crescent City, Seville, DeLeon, DeLand and back to Daytona, arriving about 6:00 p. m. They report the road good from this city to Hastings, but very poor, with deep sand, be-

tween Palatka and DeLeon Springs. Mr. Walker had some business to transact in Palatka and made the roundabout trip for the experience to be acquired concerning the roads and country.

THE VOLUSIA COUNTY FAIR GREAT SUCCESS

ATTENDANCE GOOD AND EXCELLENT EXHIBITS—EAST COAST DAY TODAY—AUTO PARADE FROM DAYTONA.

DELAND, Jan. 27. — (Special.) — The attendance at the Volusia county fair on both the opening day and yesterday has been good and the exhibits are all showing up in excellent shape. A feature of today's program is to be a lecture on live stock by Mr. Logan of the Florida Experimental station at Gainesville, who is in attendance at the fair. Mr. Spencer, also of the experimental station, is here, having charge of the state exhibit of grasses, hay, etc. This exhibit is attracting a great deal of attention. The United States good roads exhibit is probably the largest single exhibit at the fair, occupying nearly half of one side of the agricultural building.

Now that the fair is actually launched, there only remains the one point of good weather to insure its success.

Today—East Coast Day—is likely to be one of the biggest days of the entire fair and will be marked by an auto parade from Daytona, New Smyrna and other East Coast towns. If the East Coast turns out as well for their parade as the towns on this side of the county, the day should prove a great one—both in point of attractions and attendance.

Daily Thought.
A cheerful and glad spirit attains to perfection much more readily than a melancholy spirit.—S. Philip Nerl.

Roumanian Characteristics.
The Roumanians are fond of their folk tales and proverbs. One of the most popular of the proverbs is: "The Roumanian never dies." The Roumanian is anything but arrogant, yet the pride shown in the proverb is exemplified again in the fact that he will not do domestic service if he can avoid it.

CANAL ASSOCIATION HAS NEW PRESIDENT

A. W. CORBETT, OF ST. AUGUSTINE, IS NAMED TO SUCCEED GEO. G. CURRIE, OF WEST PALM BEACH.

The New Smyrna News this week says: Amos W. Corbett, of St. Augustine, is the new president of the Florida East Coast Canal association, and a call has been issued for the annual convention of the association to be held in St. Augustine March 28 and 29.

Mr. Corbett succeeds as the head of the canal organization Geo. G. Currie, of West Palm Beach, who tendered his resignation recently. The election was conducted by a mail vote of the vice presidents conducted by Secretary Harry Hamilton, of this city, and the result of the election has just been announced by the secretary.

For some time there has apparently been little interest in the affairs of the canal association, but since the recent move of the government engineers in the matter of investigating the feasibility of the government taking over the inland waterway it has been apparent that there is much work the association could do. An effort will be made by the new president and other officers to put new life into the organization and have a strong representation at the convention in the Ancient City in March.

Two minor automobile accidents occurred last evening at between 5 and 6 o'clock. One was the head-on collision of a car and a negro on a bicycle in front of the Ridgewood hotel. The negro was picked up in a dazed condition but soon recovered his senses. The bicycle was wedged on the front of the car by the impact. The other accident was a collision of an automobile and a horse driven vehicle at the corner of Ridgewood and Second avenues. No persons were injured in this mix-up, but the horse and vehicle both suffered from the collision.

The road scraper is again being used on the city streets to their improvement in the leveling of the surface of the roadways.

HEAD OF BIG LIFE INSURANCE COMPANY NOW AT CLARENDON

PRESIDENT OF COLUMBIAN NATIONAL LIFE INSURANCE CO. AND HEAD OF PUBLIC SERVICE CO. HERE FOR REST.

Among the notables now sojourning at the Hotel Clarendon is Arthur E. Childs, of Boston, president of the Columbian National Life Insurance company, and head of the Daytona Public Service company. Mr. Childs arrived Wednesday evening and is here for a brief respite from his arduous financial duties.

Mr. Childs is an enthusiast over the attractions of the Daytona locality and looks forward to the city becoming one of the most noted winter resorts in the world. While here Mr. Childs will inspect the properties of the Daytona Public Service company.

ALINE RETURNS FROM 5-DAY FISHING TRIP

The Aline, belonging to H. E. Pence, of Daytona Beach, returned from a fishing trip of several days yesterday at noon. Her party was more than successful and boasts of one of the largest catches on record. During the first day at Gilbert's bar over 100 pounds of fish were hauled in in a space of two hours. The weather was exceedingly bad, but the finny tribe evidently like to bite on rainy days.

The Aline spent one night at Hobe Sound, but did not encounter the luck that hung with her while anchored at Gilbert's bar. On the way north, Mr. Pence saw the Cynthia, 3d, a fine power yacht of 100 feet over all, hailing from New York, hard and fast on a mud bank 10 miles above Fort Pierce. He believes that she probably succeeded in floating off at dead high water.

G. E. Baya, of the Daytona Cigar company, left this morning on a flying business trip to St. Augustine.

If you read it in the Daily News it is pretty apt to be just that way.

ORMOND

ORMOND, Jan. 27.—A brother of J. R. Clements, Abner Clements, together with Mrs. Clements, is here for a few weeks at the Clements home on Palmetto street. Mr. and Mrs. Clements' home is at Salmon Point, B. C.

Mrs. John A. Johnson and daughter, Esther, of Crawfordville, Ind., are in Ormond for a several weeks' visit with Mrs. Johnson's parents, Mr. and Mrs. F. N. Johnson, on Pine street. Mrs. H. Andrews, mother of Mrs. H. B. Shaw, has been ill for some time at the Shaw home on the peninsula, but is now reported as improving slowly.

At the last regular meeting of the Village Improvement association on Friday last, held in the auditorium of the Library building, Mrs. Marie Frost, of New Smyrna, had the program in charge. Mrs. Frost is chair-

man of the art department of the state federation, and gave a very entertaining and interesting address on the work of that department throughout the state. A pleasant social hour followed, mulled grape juice and tea cakes being served. The hostesses for the day were Miss Alice McNary, chairman, assisted by Miss Ella Foulke and Mrs. Fred Hamilton, the latter serving in the place of Mrs. David Lewis.

The civics committee of the V. I. A. met at the home of the chairman, Mrs. George H. Sage, on Tuesday afternoon of this week. The members present were very enthusiastic over the work as outlined and which every member feels can be accomplished with a little effort and a small expenditure. The hostess served delicious light refreshments and a most profitable and delightful afternoon was spent.

Mayor W. F. Colby represented Or-

mond at the mayors' convention held in Jacksonville last week. Mr. Colby returned very enthusiastic over the convention, the hospitality of the Jacksonville people and the future prospects of Florida as manifested in that gathering of mayors from representative towns all over the state.

The friends of Professor Burnett J. Pinkerton will be pleased to learn that his condition is improving, and it is hoped that he will soon be able to be up.

The first of a series of whist parties was given on Thursday evening in the auditorium of the Library building. There were 13 tables and those present appreciated the roominess of the auditorium as well as the lighting thereof. Punch and wafers were served. New cards, etc., were purchased and over \$16.00 taken in, leaving a balance of \$13.00 to be turned over to the V. I. A. The hostesses were Mrs. L. Ray Clements, Mrs. Stanley Carnell and Mrs. J. D. Price. Dr. Will Richmond, of Knoxville, Tenn., is in town for a several weeks' visit with his parents, Dr. and Mrs. John M. Richmond. The young doctor is always a welcome guest in the town.

Mr. and Mrs. Clarence Bixby, of South Norwalk, Conn., have been the guests of Mrs. James E. Francis and Miss Ethel Francis for the past week. Mr. and Mrs. Bixby left on Saturday for Palm Beach, Miami and other points on the East Coast and expect to cross over and make a tour of the West Coast before their return North. Mrs. Ellen L. Borden, of Walkill, N. Y., arrived in Ormond the latter

part of last week and will be at her home on Palmetto street for the remainder of the season.

Mrs. Eva M. Howard, of Boston, who with Mrs. Kennedy had a high-class dressmaking establishment in Ormond last winter, is again here for the season. Mrs. Howard is at "Burncote" on Lincoln avenue.

Mr. and Mrs. A. M. Lindsay and Miss Lindsay, of Rochester, N. Y., arrived in Ormond on Wednesday of last week and have opened their attractive home on the river drive for the season.

Mrs. Adelbert Ames, of Lowell, Mass., with her daughter, arrived last week, and has opened her home on Palmetto street. Mrs. Ames bought the Captain Wardwell property on the river front last season, and has made very marked improvements both indoors and out, with the result of adding much to the attractiveness of this always interesting place.

The Radcliffe Three-Days' Chautauqua will hold forth in Ormond on Friday and Saturday of this week and Monday of next week, January 28, 29 and 31, presenting some of America's most prominent platform people. On Friday afternoon and evening, "the mysterious Milburns," in magic and sleight-of-hand, who have appeared at the white house, Washington, on three different occasions; also Elsworth Plumstead, impersonator and humorist, called the "man of many faces," will appear in both performances. On Saturday there will be two lectures by Dr. Cornell and two entertainments by the Bessie Leigh Concert company. On Monday there will be lectures afternoon and evening by the noted humorist lecturer, Dr. H. W. Sears, as well as entertainments afternoon and evening by the famous Lyric Glee club, of Philadelphia. These Chautauqua entertainments will be held under the auspices of the Village Improvement association, the proceeds over and above expenses to go to that organization. It is hoped that the Daytona friends of Ormond, as well as those of Holly Hill, Kingston and the surrounding country, will feel it worth while to patronize these really high grade entertainments, which will be held in the auditorium of the Anderson and Price Memorial Library building. Prices for the season tickets will be \$1.50 for the six entertainments for adults; children \$1.00. Single admission for adults 35 cents in the afternoons, 50 cents for evenings. Children, 15 and 25 cents.

MANAGER D. J. TRUDEAU ASKS FOR MORE PAPERS BECAUSE OF INCREASING NUMBER OF GUESTS AT BIG HOSTELRY.

D. J. Trudeau, manager of the Hotel Ormond, writing the Gazette-News company from that town January 25, regarding a change to be made in the advertisement of the hotel in the Morning Hotel News, adds:

"I find that our guests are very much interested in reading your paper and it is a pleasant sight to see them all scanning the News, especially at the breakfast table. I have the

boys put the papers in their boxes so they are sure to get the News. "I will be glad whenever you can consistently increase the number. Owing to the increase of guests we are now running short."

"THE END OF THE ROAD" AT ARCADE THEATER TODAY

At the Arcade theater today will be shown "The End of the Road," a sensational drama of the South, a five-act film version of the Broadway dramatic success by the distinguished playwright, H. Grattan Donnelly.

The story in brief is as follows: Wearied of the pleasures of social life, young Harvard goes to the Carolina mountains in search of rest and quiet. Instead, he finds excitement and action a-plenty. He stumbles upon a band of counterfeiters, unearths a nest of moonshiners and rescues a beautiful girl from a dastardly lover, whom he fights single-handed to a finish. There is danger enough to daunt the heart of a braver man, but Harvard goes through to the end and wins the reward he deserves.

All the Difference She's Seen.
"Huh," said Cordelia Killjoy. "The chief difference between men and women that I've noticed is that a man admits he has to learn what he knows, and a woman says it's her 'intuition' that tells her."—Kansas City Star.

Serbian Superstition.
On the eve of St. Barbara's day in Serbia it is a custom to boil a small portion of every species of grain in a pot over a woodfire. In the morning the surface of the grain is critically examined, and should it be uneven it is thought a good omen. The grain is then thrown in spoonfuls into a neighboring stream, and if three wishes are asked for they are always said to be granted.

Primitive Life in Turkey.
Owing to the lack of building stone and almost total lack of wood of any kind in one of the interior districts of Turkey, all houses in both town and country are built of mud bricks called "kerpitch," which is a mixture of mud and straw. The houses are not large and part of them is always used for the stable, one or two rooms only being reserved for use of the family, which lives in the simplest and most primitive manner. Everyone sleeps rolled up in a blanket on the earth floor.

Arranging Flowers.
Iris is most effective in a tall glass vase. Almost all flowers have great beauty in their stems, hence glass vases give them the greatest beauty when they are cut, by showing the stems. Iris should be arranged only with its own foliage. Wild flowers should always be loosely arranged, and they should be placed by themselves—not in close proximity to the highly cultivated garden sort.

RATTLESNAKE ON EXHIBITION AT THE CLARK DRUG STORE

A diamond-back rattlesnake coiled in the window of the Clark drug store at the corner of Beach street and Magnolia avenue, is attracting much attention, particularly from the Northern visitors. Closer investigation discloses it to be, however, only the stuffed skin of a snake that measured over five feet in length and had 12 rattles and a button. The rattler, which is now the property of J. M. Johnson, local representative of the Metropolitan Life Insurance company, was captured alive by Alson Douglas, colored, two months or more ago and was only recently dispatched. Douglas was digging a skunk out of a gopher hole when he encountered the reptile, which had also taken shelter there.

Penn Family Claims Liquidated.
The claims of the Penn family to Pennsylvania were extinguished at the time of the revolution. The commonwealth paid Penn's heirs to relinquish their proprietorship.

Comfortable Bed for Baby.
Babies are carried on, or rather in, long pillows by the peasant women in Hungary. A baby is laid on the pillow, the end is lapped over and is usually long enough to come up to the infant's chin. A string is then tied around the pillow, holding it close about the youngster, thus making a snug and comfortable little bed.

Bait.
The attention of the taxi driver was called to a purse lying on the floor of his car. He carefully looked around and then remarked confidentially: "Well, sir, when business is bad I sometimes put it there and leave my door open. The purse is empty, of course, but you have no idea what a number of people jump in for a short drive. I've had five within the last hour, sir."

MAINS USE NO COTTON IN MAKING EXPLOSIVES.

Wills May Never Buy Another Bale From America.

man's experiments with substitutes for cotton in the manufacture of explosives have been so successful, it was announced in Bremen, that for months no cotton has been used for this purpose. This statement was made by the president of the Bremen chamber of commerce in an address to a convention of merchants. After referring to the designation of cotton as "king" by Great Britain he said: "We have had the opportunity to establish officially that for eight months not a pound of cotton has been used for the powder. Thanks to the work of German science and industry, we have succeeded in winning from the German supply of German for a new cellular material which is stronger and better suited for powder than cotton. Even after the German ammunition factories will use another bale of cotton from America."

second important ingredient. of the entire Chilean output which we formerly took two-thirds, now manufactured exclusively in Germany from the air. Our factories are so advanced that in the spring they will be able to supply the entire requirements for nitro-cellulose, including the amount used in agriculture, and if the war lasts longer we will even be able to export this product."

speaker also asserted that camphor, which for seven years has been obtained synthetically from American sources, was now obtained more cheaply and in better quality by chemical means. Even after the war, he said, there would be no more imports of camphor from Japan or turpentine from America.

1000 MILES OF TRENCHES.

Fortifications to Every Mile of Front.

There are at least 10,000 miles of all trenches now in the western theater of the European war, according to Warner Allen, special correspondent of the British press with the British army. He writes:

"In the section of the French lines I have just been visiting there are already on a front of just over ten miles 375 kilometers (or slightly over 233 miles) of trenches. By the end of the year there will be in that neighborhood 500 miles of trenches on ten miles front."

Nowhere a certain division has 250 miles of trenches to look after, while a whole corps d'armee has 450 miles. There are twenty miles of trenches to every mile of front, so that between the North Sea and the North Sea the British and French armies have at least 10,000 miles of trenches to guard and keep in order."

HIS OWN LIFE AS BAIT.

Michigan Trapper's Plan For Luring Wolves.

Many ingenious schemes have been devised to lure the wily wolf to his destruction, but few of them have proved successful. Now, along comes Pete LeBlanc, a trapper of Floodwood, Mich., who claims to have figured out a plan whereby whole droves of wolves will march right up to their execution.

His plan of ensnaring the elusive beast, as he outlined it, is to smear blood and blood over his boots. With this he will make a trail through the woods, and a wolf is certain to take up the scent. With the characteristic cunning of wolves, after one takes it up, many will join in the chase until the pack becomes large. After they have overtaken him, the trapper says, all he has to do is to shoot them down.

All In Our Lives.

Generally speaking, a man of fifty years of age has slept 6,000 days, walked 1,500 days, walked 800 days, smoked himself 4,000 days, eaten 1,500 days and been sick 500 days. He has eaten 17,000 pounds of vegetables, eggs and fish and drunk, in all, 7,000 gallons of liquid.

BELGIUM MAY DEMAND A SEPARATE PEACE

BERLIN, Jan. 27.—Hints to the effect that Belgium is anxious to secure a separate peace appeared in a Neu Züricher Zeitung article given out today by the Overseas News agency. The new minister of Belgium, Beyens, is quoted as making a speech in Holland in which he stated that it was useless for his country to continue to fight since it seemed a proven fact that no power on earth could defeat Germany. He also quoted various letters received by the government from Belgian soldiers in which they told of their weariness of war and hope of peace.

A good Western drama of the better kind.

KINGSTON.

KINGSTON, Jan. 27.—Mrs. Carter, who has been quite ill, is improving. Mrs. Chas. Beers is also on the sick list, as is Mrs. Fisher, both of whom are on the road to recovery.

The members of the Methodist church and friends called at the parsonage last Thursday and gave a pound party to Rev. and Mrs. Bray. The school faculty went over to DeLand Saturday by auto, to put up the school exhibit for the fair. A number of patrons called at the school Friday to see the work. It was pronounced excellent.

D. A. Yocum and family, of Michigan, have rented the Bonner cottage for the season.

Mr. and Mrs. David Bradshaw will leave in their car Thursday to spend several days in DeLand taking in the fair and visiting friends and relatives.

A great improvement has been made in the way of marling Mulberry avenue.

Nearly a million dollars have been voted for good roads in Volusia county.
